ADDITIONAL OFFERS						
5.1	HW Installation at Site (Labour, Travel)	T&M	-	T&M	-	O
5.2	Handling fee (mandatory for each of the following: yearly contracts, tenders, deviation from T&C)	1.158	1.158	1.216	1.216	M

APPLICABLE NOTES TO THE PRICE LIST:

- A Prices only apply in combination with the unchanged COTS Contracts. For every single change to those contracts, tenders, additional certificates (e.g. fiscal residence), T&C changes the handling fee listed in 5.2 applies in an accumulated way.
- B All prices in EURO, excluding custom duties, (national) taxes and other local fees, if any. A yearly inflation adaptation applies.
- C Hardware prices subject to changes due to market price variations. Will be fixed in the respective offer to the Client.
- D Software and maintenance prices valid only if all software has been purchased at Frequentis
- E All software packages marked with "M" are mandatory part of any EAD ECIT order (with / without hardware).
- F Software maintenance starts with completion of installation. Prices are given per year.
- G No maintenance for COTS Software is provided. Upgrades may be delivered, if required due to changes to the ECIT package.
- H Clients have to install new releases by themselves. SW Installation Instructions are provided.
- I Clients procuring their own hardware shall comply with the ECIT Client Configuration Document (EAD-DOC-FRN1L7), latest revision.

COLUMN NOTE EXPLANATIONS:

- M Mandatory
- O Optional
- 1 PC configuration as described in ECIT Client Configuration Document (EAD-DOC-FRN1L7), latest revision. HP on site support next business day as defined by respective HP warranty conditions (3 years).
- 2 See latest version of ECIT Client Configuration Document (EAD-DOC-FRN1L7), latest revision.
- 3 Shipment cost dependent on number of goods to be delivered and location. Based on DAP Incoterms 2010. Cost for customs clearance, taxes and national fees to be borne by the Client.
- 4 VPN Connection type to be specified in the Installation Plan.
- 5 EAD Application Software module configuration per ECIT to be defined by Client.
